

2018 marks the 50th anniversary of the semiconductor industry in Singapore. Organised by the Singapore Semiconductor Industry Association (SSIA) and supported by the Singapore Economic Development Board (EDB), **Singapore Semiconductor 50** celebrates each and every individual who have made a difference to our semiconductor industry and national development. **14 November 2018** was the commemorative evening that captured 50 years of talent, innovation and passion. Highlights of the night included a gala dinner, exciting videos celebrating the contributions of Singapore's semiconductor talent, interactive exhibitions, entertainment and much more. About 1,000 guests including industry pioneers, the champions of today and the next generation of talent attended the event.

UTAC was a Platinum Sponsor and was represented by a delegation of 20 staff members. UTAC's work was showcased on a display panel in the exhibition area.
